

# NATIONAL ANCILLARIES

## External contact list

Cigna's ancillary programs directly address our customer and client requests of lower costs, quality services and being better educated on their health care options.

### Program goals

- › Expand access to quality providers
- › Increase quality of care and patient safety
- › Educate customers about their health care options
- › Administer services to plan benefits

To achieve these goals, we collaborate with select expert ancillaries like those listed below\* in key medical segments to ensure services are medically necessary and that quality care is received.
