

Coverage and reimbursement policy updates effective April 15, 2018

We will update the following two policies effective April 15, 2018:

- **Obstructive Sleep Apnea (OSA) Treatment Services (0158):** We will only reimburse claims billed with Healthcare Common Procedure Coding System (HCPCS) codes E0485 or E0486 for OSA following a sleep study. Claims submitted for dates of service on or after April 15 with any diagnosis other than OSA will be denied.
- **Pharmacy and Infusion Services (R14):** We will deny claims processed on or after April 15 with HCPCS code J1642 for a heparin lock flush as not separately reimbursable.

The updated policies will be posted on the Cigna for Health Care Professionals website (CignaforHCP.com > Policy Updates), and included in the April 2018 issue of Network News.
